

« Ein Job mit Perspektiven »

The Swiss Telsonic Group has been offering its industrial ultrasonic solutions through representation in Europe, America and Asia since 1966. Constant innovations help to ensure that, in many applications, Telsonic has established a lead over competitors that offers added value to customers. With over 300 highly qualified staff, the owner-managed company specialises in plastic and metal welding as well as ultrasonic cleaning and screening. All over the world, customers in fields such as automotive, packaging and medical technology value the company's comprehensive services and broad range of ultrasonic components for system construction as well as its complete welding systems.

**To enhance our Team we are looking for a
Production Manager m/w/d
Kać, Serbia****MAIN TASKS**

- Determination and implementation of target-oriented measures to ensure the required product quality, leadtimes and costs
- Motivating, supporting and providing guidance to subordinate positions
